County Jail To Open

The new county jail is ready for occupation, Milam County Commissioners were told at a regular meeting Monday morning. Hiring of dispatchers and a cook is expected to be completed in time for the move to the new jail.

County Judge O. B. Harden explained to commissioners that three dispatchers can be obtained through the local Manpower program, and salaries would not come out of county funds.

Harden sad he is discussing the position of cook with a local woman, who would be paid at the rate of $2 per day per prisoner, plus a monthly salary.

Harden said no open house will be held for the new jail.

In other business, commissioners heard Rockdale Postmaster Sam Peebles, who is actng as officer in charge for the Cameron postoffice, report that he had turned down a request from the courthouse to use post office equipment for outgoing mail. Peebles said such use is in violation of the law, which forbids unauthorized personnel on the floor.

Peebles suggested that the courthouse use a postage meter and said that Valter White's tax office has agreed to handle the courthouse mail through the meter. Peebles said it would be a timesaver and minimize use of courthouse postage for personal mail.

Commissioners accepted the resignation of Assistant County Agent Rodney Kruse and approved Kenneth Ray Waites as his successor. (See story, this page.)

They also approved surety bonds for county officials elected in November and approved advertising for a depository bank for the county for the next two years.

A resolution was approved releasing the county from maintenance of a portion of old Highway 36. It was pointed out that the state is retaining ownership of the section.

Another propostion before commissioners was that of forming a credit union for governmental empioyees. A representative from the Central Texas Council of Governments will explain the proposition at a future court meeting.

Reeves Brown met with commissioners and discussed the release of water from Belton Dam, which is filling sloughs and causing Little River to run bankfull. It was noted that the Army Corps of Engineers is making an aerial survey of the effects of letting out large amounts of water collected during recent heavy rains.

Brown told commissioners now was the time to object if the higher rate of release is causing hardships in the county.

A split vote was registered for setting county holidays for this year, when discussion centered on the taking of Johnson's birthday as a holiday. Commissiones Gerald Vinton and Dalton Caffey voted yes, while LaVert McKinney and Adolph Gresak voted no. The tied vote was decided upon a yes vote by Judge Harden.

Junior Livestock Show Nets $1505 For Hog

By Rodney Kruse

A hog was sold 7 times and raised $1505) for the youth. The 7 buyers were : Citizens National Bank, Cameron; Milam County Farm Bureau; Cameron Livestock Auction; Colonial Nursing Home; Duncum Implement Co. Inc., in Cameron; and Zink Food Market in Cameron with donation from 3C Cobb Farm in Cameron.

Hubert Shuffield Jr. of Cameron won a butcher calf which was donated by Cameron Grain Company. Monroe Fuchs, in charge of the Cameron Area United Fund presented a $1,000 check to Steve Beattie, county show director chairman toward building a county show barn. Others helping with the show were CharlesMcGregor of KMIL Radio and presenting trophies and ribbions were Debbie Malone, Mary Lee Graham, Tina Titsworth, Sheryl Rubac, Deborah Garrison, Gracie Hengst, Marie Spence, and Rebecca Riola.

A list of other winners and more pictures are on the Farm and City page in this issue.

New Board Members

Cameron Day Care Center board had its regular meeting on Monday and elected two new board members. Odell Biggs and Mrs. J. K. Wilkerson consented to serve three-year terms.

115 With F.M.L.

Kojack would say it was the Red Heads 74, "Fat City" 48 Monday night before a big crowd at Yoe Gymnasium.

People had a lot of fun watching the traveling girls basketball team high roll a game bunch of men from Yoe High School coaching staff, Cameron, and in one instance, Rockdale.

It brought in some money for Cameron Boosters Club, which sponsored it, for equipment given CISD.

A ball-handling demonstration at halftime showed the gals knew how the roundball rolls. It reminded of the impressive dribbling, trick shooting, and ballhandling of the Harlem Globe Trotters, who still travel the exhibition circuit.

These gals are professionals, of course, at least one of them a former all-stater in basketball among players from several Midwest states, Connecticut, and Montana.

They kept the pace through four eight-minute quarters with only nine players, including one who was quite a clown, conning the crowd and officials for laughs.

And looking at the near-capacity gate, both teams laughed all the way to the bank.

115-115-115

Not too many years ago, one of the more aggressive senior citizens here asked 115, finding out the hard way, I suppose, that "you know everybody, don't you?"

I gave him a characteristic smile and a characteristic answer. I said nothing.

And just the other day, another man came in, chided a little bit, and said in effect, "how are you, lucky?"

I had to agree with him. Among others, Lady Luck is a member of the family, someone you don't go too far without, at least once in a while.

And this intelligent man renewed his subscription.

115-115-115

Commitment comes in other ways. Words are only an endorsement, a seal, a way of telling what's up at a given time. If I seem like a non-committal Buddha, it is just a civilized mask experience teaches us to wear.

I believe in controlled enthusiasm, even controlled fury.

Students Ready History Fair At Local Armory

A history fair will be hosted by the Yoe High School Chapter of the Junior Historians of Texas on January 16 and 17. Displays and exhibits will be set up in the National Guard Armory from 12 noon until 9 p.m. to give Cameronites an opportunity to view the projects.

More than 200 members of the history classes of Yoe High School, O. J. Thomas, and Ada Henderson have been working hard to prepare models, maps, and museum exhibits for this fair.

Projects will be judged and winners will be awarded ribbons on Friday, January 16, by several members of the Junior Historian staff of the Texas State Historical Association in Austin.

School Trustees Point Need For Some Long Range Planning

The need for long range planning for the Cameron school district was pointed out by School Supt. Buddy Dulin in discussion of an accreditation report at a regular school board meeting Tuesday night.

Dulin told members that the report pointed out shortcomings that the district is aware of, and said the report included nothing he didn't expect. He said the accreditation team may be visiting the schools again in a year or two.

Board member Forrest Sapp said the district needs to be looking at the purchase of additional property near the present school buildings.

In other business the board approved advertising the old Yarrellton school property for sale following installation of a marker at the site.

A school board election was called for April 5 when terms of Dana Kestenbaum and Fredwill Hornung will expire. Board members appointed Mrs. Laverne Delony as election judge subject to her acceptance.

A contract with the Austin law firm of McCreary and Huey was approved for collections of delinquent school taxes. It was pointed out that over $27,000 has been collected in the past two years. Nine judgements were rendered in District Court last year and 37 additional suits have been filed.

Emil Kamenicky was appointed bus foreman at double the bus drivers salary. He will be in charge of upkeep of the buses.

Supt. Dulin reported that construction on the portable classroom for Ben Milam School is about complete and an application has been made for furniture for the facility.

Board authorized Dulin to purchase needed classroom and office furniture for the new field house.

A sample of a new band uniform chosen by Dulin and band director Jerry Bartley will be displayed at the next board meeting. Dulin said cost of the new uniforms will be from $125 to $132 each.

Dulin showed a letter from the firm that carries insurance on the school boilers stating that the boiler in Yoe High, which was installed in 1920, should be replaced. Other boilers in the school s are satisfactory.

It was noted that so far the new field house has cost $101,891 when estimated cost for the building was $75,000.

In final action the board voted to give Supt. Dulin a new three-year contract and increased his salary $500 per year.

Mothers March Continues Here For MOD Drive

A good crowd was on hand at the First National Bank Monday evening to start the Mothers March on Birth Defects. Block chairmen were assigned and these people and their workers are out this week, weather permitting, soliciting funds for the March on Birth Defects.

Last year Cameron donated $800 through the Mothers March and business drive, according to Mrs. Pearlie Krenek, Mothers March chairman.

For the 1974 March of Dimes campaign, Milam County residents donated a total of $5886. Hopefully, the 1975 MOD campaign will net $8,500.

"The people of Milam County are to be congratulated on their keen interest in, and their wonderful support of the March of Dimes, through donations and volunteer workers," said Mrs. Krenek.

Public Hearing To Air Plans For City Program

A public hearing for residents of Cameron has been set for January 21 to present for final approval the city's application for funding under the new Better Community Development Act.

The meeting will be held at Methodist Fellowship Hall starting at 7 p.m.

If Cameron's application is approved, the city will have a total of $492,000 covering a six year period: $123,000 will be available for each of the first three years, with $82,000 for the fourth year $41,000 for the fifth.

The proposed program covers a sewer project in the southwest section of Cameron, a playground and park in the O. J. Thomas Junior High School area, and the removal of dilapidated houses in the city.

The program will be presented in detail by the Community Development Agency and there will be a question and answer period at the conclusion of the presentation.

All residents are urged to attend the meeting to hear what's in store for Cameron in coming years.

Firemen Answer Calls

Volunteer firemen answered two calles Saturday, one to a grass fire behind Skeezix Cafe and the other to a Santa Fe freight engine on fire at the Hanover crossing. Two units were sent out on that call.

Waites To Replace Rodney Kruse As Assistant Agent

Milam County will have a new assistant county agent starting January 21 when Kenneth Ray Waites will take the place of Rodney Kruse, present assistant, who is resigning.

Kruse is planning to resume his schooling, seeking his Masters degree. He has been assistant agent here for about two and one-half years.

Waites, who will be moving here from Uvalde, attended Tarleton State College. He counts seven years as a member of 4-H and participated in rodeo teams at Lometa High School. He was listed as a Distinguished Student at Tarleton, earning his BS degree in agriculture.

He lacks only six hours toward his Masters degree. Waites is unmarried and a member of the Methodist Church.

Watch For . . .

This might be "things to watch for" comment.

WATCH FOR . . .a new city hall in the next year or 18 months on a courthouse site south of Milam Courthouse.

WATCH FOR . . .an auditorium downtown in conjunction with the new city hall, squaring needs in Cameron Independent School District and the community.

WATCH FOR . . .opening of Milam Museum, a composite of Milam Land District and County history, where the old jail is closing out for opening of the new one.

WATCH FOR . . .park constructon in the vicinity of O. J. Thomas School, including basketball courts and tennis courts.

WATCH FOR. . . an exhibition facility to locate the next year or two on the three-block site now being leveled and cleared of old buildings in the vicinity of old City Hall.

WATCH FOR. . .expanded facilities in the old City Hall for fire and police departments which now are overcrowded in a City Hall crammed with the various departments of the city.

WATCH FOR. . .continued improvements at Yoe Campus in ancillary buildings to YHS and Ben Milam and new streets in northeast Cameron.

WATCH FOR. . .continued cleanup of sub - standard housing and increased construction of new housing throughout the old areas as water and sewage service is extended.

WATCH FOR. . .the things materialize Cameron has been looking for, things modern communities require and Cameron will somehow attain even in a plateaued economy.

So They Will Be Better . . .

The President proposes $46 billion in a combination energy - economic package which will hype up the economy.

And Congress is making plans to introduce its own incentives.

With the elections past, Watergate out of the way, both branche s of government are beginning to look at their jobs instead of each other. The judiciary has done its job.

By mid-1975, stabilization of inflation and recession will assert. One auto company is now boosting sales by discounting just like the retail industry discounts when a style season closes, clearing stores for new merchandise.

The immediate impact of the President's proposals, however Congress acts on them, will be to further encourage people to get on with it. Bank deposits continue to show increases and the stock market, despite the gloom in Detroit, has regained some 60 points in the past several weeks.

We know better than to talk ourselves into further economic problems simply because we have seen the Constitution work in its severest test, we have learned that our economic institutions are beginning to respond to things as they are, so they will be better.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

COLORING BOOKS FOR COLLEGE STUDENTS?

Rep. Robert J. Huber (Mich.) ". . .Some educators are concerned about the lack of ability to read among many of our high school students. Unfortunatly, it appears that they have come up with the wrong answer again--lowering the standards. The Richmond Times-Dispatch . . .recently pointed out in an editorial how remedial reading is going to work in some of our educational institutions. . . (The editorial follows):

College Coloring Books?

Now textbook publishers are turning out simplified books for college students who cannot read well. That's right, College students.

The word from the big publishing houses is that their books have been judged too hard for many students to grasp. And so the rewriting is underway.

Big words are going out and complex sentences are being broken down. Even the content is changing. There will be fewer abstractions to strain brains, and concepts will be repeated. Sort of the collegiate equivalent of the oh-oh-oh-,run-run-run Dick and Jane readers, you might say.

Publishing spokesmen told the New York Times that most of the pressure for change was coming from community colleges and four-year institutions with "open admissions" policies These are havens for "C" students who might not have been accepted in college several years ago. "It wouldn't be true to say that students in Harvard or Yale don't read as well as always." one editor said. We wonder.

Community colleges serve a good purpose by admitting some students who have not been academic whizzes and educating them for productive employment. Remedial reading, unfortunately, is a must for many of these students. But are the publishers on the right track in writing down to this new breed of students? Or would the students and society be better served if the energies spent on revising books were expended instead on bringing the students up to traditionally high college standards?

And what does it tell us about our elementary and secondarys schools that pass on to college 18-years olds who cannot handle an eighth-grade book?

CRUMP'S GRASS ROOTS COMMENT

Newspaper editors complain of interviewing job applicants with college degrees who can neither spell of write legibly. Personnel managers now ask to see the applicants college transcript and insist on a handwritten application.

64th Legislature Faces Heavy Agenda

The 64th Legislature whipped into action Tuesday (Jan. 14) faced with a heavy agenda which lawmakers must strain to complete by the June 2 adjournment deadline.

Blessed with a revenue surplus estimated at well over the $1 billion mark, legislators may still have a hard time avoiding new taxes due to record spending demands.

Most costly proposals of all deal with overhauling the public school finance formulas, regarded as a must job for the legislature this year.

Price tag on school finance reform ranges up to $2.7 billion for the next two years. While a more-modest version probably will be adopted, any approach will take a big chunk of the available revenues.

Election of the new House speaker — Rep. Bill Clayton of Springlake—was the first major order of business for the session.

Only 30 new members took the oath of office in the House, only four in the Senate.

Gov. Dolph Briscoe is pushing for $394 million in emergency appropriations to raise state employees pay by 10 per cent immediately, provide stopgap school aid and increase retirement benefits.

Matters which legislators will wrangle over during the next 140 days include constitutional revision, creation of a public utilities commission, election law reform, launching a presidential primary, environmental matters, prison and hospital reforms and property tax overhaul.

COMMISSION SPURNED — A Senate consumer affairs sub-committee balked (on a two-to-one tie vote) at recommending a statewide public utility commission.

Sens. Betty Andujar of Fort Worth and Bill Meier of Euless voted against the proposal, while Sens. Ron Clower of Garland and Lloyd Doggett of Austin supported it.

Clower and Doggett immediately pre-filed a bill to set up the commission, as Clower warned the committee vote demonstrates stormy days ahead in the legislature over the issue.

APPOINTMENTS—Governor Briscoe named State Rep. John H. Poerner of Hondo executive director of the Committee on Aging effective February 28.

Other recent appointments by Briscoe include Norman L. Utter of Corpus Christi as 214th district judge, Gerald Alton of Lufkin as 159th district attorney and Herman Smith of Hurst as chairman of a special advisory council on housing.

Dorothy Davidson was named to head the new Texas Education Agency department of general education as an associate commissioner.

INQUIRY SET—Atty. Gen. John Hill announced he will ask District Judge James R Meyers of Austin to convene a court of inquiry, probably next summer, into the 1974 Huntsville prison siege.

Hill delayed plans for the inquiry until after trials on criminal charges resulting from the July-August hostage seizure and shootout led by onetime narcotics kingpin Fred Gomez Carrasco.

One of Carrasco's confederates is set for trial next month, and trial of others accused of smuggling guns into the prison is expected to follow. Hill said judges strongly urged him not to call the court of inquiry until the trials have been completed.

The Attorney General said it is doubtful the probe can begin in Meyers' court before mid-summer.

COURTS SPEAK—The Texas Supreme Court held parents of a Brewster County youth shot to death while allegedly stealing a battery from a car have a right to trial of a wrongful death suit against the man who killed him.

The Third Court of Civil Appeals held a woman whose only surviving son was killed in a Hays County car-train collision is entitled to $15,-850 damages. A jury verdict had held the 75-year-old woman should recover $25,-000.

REVISION PROPOSED — Two formal proposals for further efforts at constitutional revision have been prepared for legislative consideration.

Outgoing House Speaker Price Daniel Jr. announced a bill will be sponsored to provide for a 72-delegate constitutional convention to convene April 5, 1976.

Sen. Bill Patman of Ganado, meanwhile, pre-filed in the Senate a joint resolution proposing the 15,631-word product of the ill-fated 1974 constitutional convention be submitted to voters. Patman said his proposal will save time and money.

The legislature sitting as a convention in 1974 failed by three votes to agree on a document for submission to voters.

The issue of revision is expected to be a subject of major debate in the legislature this year.

SALES TAXES REPORTED —Texas cities received more than $62 million in municipal sales and use tax allocations for the last reported quarter.

Of the total, Houston received $12.5 million, Dallas, $7.8 million, San Antonio, $3.9 million, Fort Worth $2.6 million; and Austin and El Paso, $1.9 million each during the quarter.

New Comptroller Bob Bullock resumed release of the data without charge to news media. The comptroller's office last year discontinued distribution of the reports.

AG OPINIONS—Jurisdiction over minors 14-17 years old for fish and game law violations is in juvenile courts, Attorney General Hill held.

Where minors are taken into court, they must be released promptly to parents on promise to bring them to court on request.

OLD PHILOSOPHER

Dear editor:

According to the deep-thinking newspaper columnists I've been reading lately one of the major problems facing the world today is what to do about all that money the Arab nations are piling up from the $12-a-barrel oil. Oil that costs them about two-bits a barrel.

They call them petro-dollars and declare that a way must be found to recycle them, get them back into circulation, or else the Arabs will wind up with all the cash and the rest of us will go broke. The trouble with those columnists is that while they're good at stating the problem, they fall down when it comes to solving it. They wring their hands and move on to something else. They act like Congressmen.

Now I've been thinking about this Arab money problem and have come up with some suggestions but I don't know how far I'll get because I don't know how much the Herald has among the Arab nations.

Anyway, to keep all that money from stacking up and to get it back into circulation, here are a few ways the Arabs could invest it:

(1) Go into the ranching business.

(2) Start a new football league.

(3) Bring out a new car getting 4 miles to the gallon.

(4) Buy gold at $200 an ounce.

(5) Explore outer space.

(6) Finance South Viet Nam the next 10 years.

(7) Buy out the Post Office department.

(8) Send their kids to college.

(9) Manufacture 50 million WIN buttons.

(10) Feed my cows this winter.

You get them to do just half of the above 10 and I guarantee most of their money will evaporate. Get them to do all of them and they'll be trying to borrow money from us.

Yours faithfully,
J. A.

Agent's Notes

By Bill McCutchen

About the only good topic farmers have to discuss is grain sorghum. All other commodities seem to have their problems and grain sorghum seems to be the only hope of keeping farmers heads above water.

To help producers get off on the right foot on a good grain sorghum crop a Grain Sorghum Production Meeting will be held Monday night, Jan. 20 at 7:30 p.m. at the Vocational Ag. Bldg. in Thorndale. This meeting is co-sponsored by the Milam County Farm Bureau and the Milam County Extension Service.

Mr. Grain Sorghum himself, Ben Spears of the Texas Agricultural Extension service will cover such topics as varieties, fertilizer use and placement, and weed control measures.

Dr. Charles Cole, Extension Entomologist will discuss primary grain sorghum insects and control measues.

This will be a meeting that area farmers will want to attend, so mark your calendar.

BIG MEETING

The annual BIG (Blackland Income Growth) meeting is scheduled for Tuesdy, January 21, at the Convention Center in Waco.

Some of the more interesting portions of the program will include "The Blackland Beef Picture, 1975 and Beyond" - Dr. O. D. Butler; which crop in 1975 Cotton or Grain Sorhum--Elbert Harp, Executive Director Grain Sorghum Producers Assn. and Dow Johnson, Executive Director Plains Cotton Growers.

If some of you would like to go down to this meeting please call and we will pool transportation.

Reuters International News Briefs

LONDON

The British Parliament, soon after re-assembling following the Christmas recess, will have the chance to decide whether it wants to be televised. This is an emotional subject as far as the legislators are concerned. Previous attemps to try televising debates have failed.

GENEVA

The 125-nation International Labor Organization has chosen the international women's year for its most powerful attack against discrimination against women. The world has come up with the conclusion which women claim to have known for ages--females throughout the world are over-worked, under-paid, and under-valued.

WARSAW

In Polish horse racing there is always one sure winner--the state. With the communist way of life estending to the turf, the state owns the horses and race rracks, employs the jockeys and trainers, and is the only bookmaker. It hardly matters to it which horses win.

LONDON

The British government is considering tougher laws to protect railway and bus workers from increasing violence on all public transport. Over 1 000 assaults on staff were reported on Britain's buses last year. Crews have refused to man certain routes on Friday and Saturday night.

VIENNA

The carefree world of winter sports has been shaken by two avalanche disasters in the Austrian Alps that killed 21 people over the Christmas holidays. Mountain authorities sounded grim warnings to skiers who venture into deep snow areas and the press has alarmed readers in this ski-crazy country with its own avalanche of recrimination and advice.

LISBON

in Roman Catholic Portugal,a land officially dedicated to the immaculate heart of the blessed Virgin Mary, priests are now debating the revelance of communism to Christianity. Even before last year's military coup ended nearly half a century of authoritarian right-wing rule, many opponents of the old regime had acted under the protective mantle of Portugal's Chatolic Church.

ISRAEL

Israeli settlers along the Lebanese border see a real danger in the prospect of a new Syrian-inspired military front opening between Israel and Lebanon. The chain of border communities--some outposts only a few yards from the frontier--are bringing pressure on the Israeli government to make sure it controls events in the north.

PARIS

Divorce French style--frequently described as a jucicial comedy based on perjury--is likely soon to give way to a new law permitting couples to end their marriage by mutual consent. The government is preparing a liberalized divorce law that parliament is expected to approve this spring.

"Adding Spice To Life-" Is Topic As DKG Meets

Mrs. Sidney Hughes of Marlin, chairman of the Research Committee, led Program No. 1 of "The Woman Educator in Changing Times: Expanding Her Professional Ideology," for Beta Nu Chapter of Delta Kappa Gamma. The chapter met at the Texan Restaurant in Cameron, Saturday, January 11, at 9 a.m. for a breakfast and program. Mrs. Jesse Holloway of Rockdale, and Mrs. Bruce Royal and Mrs. John Rasberry of Rosebud were Colloquim speakers for the subject "Adding Spice to Life." Mrs. Herbert Nance of Cameron introduced the program.

The speakers stressed that key women educators should be continually searching for answers to meet the problems of changing times in education, that a philosophy of education combines attitudes and purposes to determine values and that behavior is determined by the philosophy, teachers must prepare students to meet an ever-changing world, and that today's schools have a wealth of materials to promote learning but these are merely aids and can never take the place of good teachers. The theme of the program was that action without study is folly, and study without action is futile, and that teachers should always keep in mind the individual student in an everchanging world.

Mrs. Sam Gray Jr., of Marlin, in the absence of the president, Mrs. Roy Hensley of Cameron, presided over the business session. Mrs. Wendall Dyer of Rockdale, chairman, reported from the Scholarship Committee. She also introduced other members of her committee: Mrs. Bill Gause of Cameron, Mrs. Thaggard Kirkpatrick of Reagan, and Mrs. John Plasek of Rosebud.

The next meeting of Beta Nu will be at Spring Lake Country Club near Rosebud, Saturday, Feb. 1, at 9:30 a.m. for a brunch, with the Lott and Chiltonmembers in charge of arrangements.

YARD OF THE MONTH--Mr. and Mrs. Joe Humplik, 1005 West 16 St., accept the Fleur de lis Garden Club "Yard of the Month" sign. A large magnolia tree surrounded by ivy is a focal point in the Humplik front yard. Evergreen shrubs and an ivy-covered cement block wall edge each side of the yard and both evergreen and flowering shurbs form foundation plantings for year round color and contrast.

Tree Planting, Club Topic

The Civic Garden Club met last Thursday for their January meeting with the theme centering around "Let's Plant Trees" in observance of Arbor Day. The program title "Color It Green With Trees" was a kadachrome slide presentation with Mrs. Evelyn A. Hearne the moderator of the commentary for the various pictures. The points stressed during the program were trees enhance the beauty of the home and increase the value of property, trees add shade and help cool surroundings, and trees slow down erosion.

In a short business meeting following the presentation, the president, Mrs. M. H. Wimberly, presided. The election of officers for this year was held with the following being elected: Mrs. Theo Aschenbeck, president; Mrs. Leo Fuchs, vice president; Mrs. Jack Bingham, recording secretary; Mrs. Milton Falkner, corresponding secretary; Mrs. Evelyn A. Hearne, treasurer; Mrs. M. H. Wimberly, parliamentarion; Mrs. Sam Houston, time keeper; Mrs. Jim Gandy, historian.

Mrs. B. D. Clark was hostess at her home with Mrs. W. M. Fanning as assistant. Refreshments were served during the social hour which preceded the meeting, and a flower arrangement, created of all green plant material in asymmetrical design, by Mrs. Fanning decorated the table.

The next meeting of the club will be held on February 13 with Mrs. W. M. Fanning as hostess and Mrs. Sam Houton as co-hostess.

Junior Girl Scouts Have Busy Times

Junior Girl Scout Troop 403 has been very busy, with making gifts for their parents Christmas, and just completing a successful calendar sale.

Carolyn Freeman sold the most calendars in her troop and won the prize. If you did not have a Girl Scout contact you and you would like to buy a calendar, call 697-2269 and a Scout will come to your door.

The girls are now busy on their badges. Leaders of the troop are Mrs. Carolyn Cobb and Miss Patsy Beck.

HELP--The troop needs five Junior Scout Handbooks. If you have one you would like to recycle, please call Mrs. Cobb at 697-2269.

Cameron Nursing Home News

By Johnnie Tindall
Activities Director

Devotional was held Dec. 31 by Mr. Nelson Green.

"A Phone Call from Heaven" was played January 2 and the patients enjoyed it.

Church services were held Sunday, Jan. 5 with Mrs. Rarey and Pam Crowder assisting.

Activities for the home were the talking book on "The Last Trail Drive Through Downtown Dallas" and show and tell on things to make for arts and crafts.

C-C Invites Clubs To List Activities On Calendar

Clubs and organizations in the Cameron area have been invited to list any special activity or event for publication in the Texas Highway Departments calendar of Texas events.

The Chamber has been contacted by the highway department requesting information about events scheduled in the area from April through September 1975.

Texas events regularly appear in national publications like AAA tour guides, Southern Living, and Good Housekeeping. The Texas Highway Department supplies every newspaper radio and television station in the state with a copy of the Texas Events Calendar.

Travel counselors at highway department tourist bureaus use the calendar every day, steering visitors to events on the calendar. The current calendar has proved so popular with visitors that 10,000 additional copies have been printed.

"Closer to home travel and outstanding interest in local affairs, festivals, and events have been foremost travel trends during the past year," said Mrs. Barbara Smitherman, Chamber manager. "With our nation's bicentennial celebration beginning, the traveling public will want to know about local events."

Clubs and organizations having special events are asked to call the Chamber office to have the event included. Deadline for submitting information is January 28.

Gause News

By Mrs. Wanda Lee

Saturday Wayne, Craig, Kelly, Lance, and Kristi went to Lexington to my brother's, Jimmy Cass and family. Craig, Lance, and Kristi remained in Lexington, and Jimmy and family were to bring them home Sunday evening after he got off work. By the time we finished lunch the weather was sc bad with all that snow coming down we decided to go get them so that Jimmy, Thee, and children wouldn't be out on the snowy, icey roads Sunday night. By the time we went down there, and got back home; the sun was shining. That certainly proved "If you don't like the weather in Texas, just wait a while." The worst thing about the whole deal, Wayne missed half the Super Bowl!

Mr. and Mrs. E. W. Rutherford of Cleveland visited recently with Mr. and Mrs. Roger Kingsley.

Mr. Matt Ford passed away in a Cameron hospital Saturday night.

Mr. Delmo Shaw spent several days in a Temple hospital.

December 29, Mrs. Bertha Denman's nephew, Mr. and Mrs. Bruce Adkins, Tad, Bruce Jr., and LaRee attended church with her. The pastor of the Apostolic Church, Rev. Sparks and Mr. Adkins, were friends when they were teenagers. They had come from Houston where they spent Christmas with his mother, Mrs. Myra Jones and his sister, Mrs. Mae Belle Bonvillian. After lunch with Mrs. Denman, they left for their home in Winslow, Arizona.

Mrs. Bill Darwin, Owen, and Bege of Minerva accompained by Mrs. Denman, spent a week in Houston where they visited the Bobby Denman family, the G. M. Dragoo family, Mr. and Mrs. Glenn Dragoo, Dawn, and Shane. They also visited Mrs. Denman's brother, Mr. and Mrs. Ben Childress and Richard; her sister, Mrs. Myra Jones, Mrs. Louise Edwards and family, all of Houston; Mr. and Mrs. Lee Denman in Sprig;and one day they visited several friends at Alvin.

Mr. Koye Cass took his sister-in-law, Mrs. Malcolm Cass of Cameron, to Temple one day this past week to visit her husband and Mr. Cass's brother, who was in Scott & White Hospital.

Mr. Buel Rains is home after spending several days in the Hearne hospital. The Rains' youngest daughter, Mrs. Rose Mary Morris of Austin spent a couple of days with them. Saturday night Mr. and Mrs. Mike Rains and Jackie joined them for supper.

Obituaries

Ford

What **was** the Mona Lisa thinking about when Leonardo da Vinci painted her? Was she smiling? Some say that she was actually closer to tears!

It is centuries since Leonardo and his model lived, but throngs still stand before the painting in the Louvre and wonder at it. It is much smaller than people expect, but that in no way diminishes its attraction. For the Mona Lisa symbolizes the mystery of life. No matter how great our curiosity, we can never know all the answers.

There is a great deal of mystery in the Church too. Often this bothers those who would seek a logical explanation for everything. That is where we need faith—for faith is, in part, an acceptance of what we inherently **feel** but can't **prove** in ordinary, everyday terms.

Where to find faith? Admittedly, it can be quite a quest. But a good place to start that quest is in church.

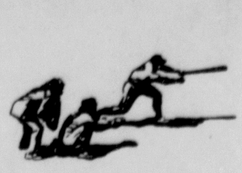
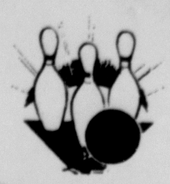
HERALD SPORTS





Sports Spotlight

By Forrest Guess

A large number of spectators were on hand at the Monday night ballgame when the coaches and other local men went against the All-American Red Heads. The game was a fund raising effort on part of the Yoe Booster Club and the venture turned out exciting and worthwhile.

The numbers haven't been turning out for the high school games in this early round of the district loop. To enjoy a quarter-finalist football squad then back it up with a basketball team that is tied for the district lead is something to be proud of.

But the pride isn't evident in the number of backers at the games. Sometimes it's hard to make all the games since they are played twice a week, but it is hard to understand why the home games have not been drawing the capacity crowds that a district leader should.

In visiting with head basketball coach Ken Poole, he had the following remarks about the team's performance this past week: "For the week we felt that Westlake was a real fine ballgame for us. But we seemed to have our troubles against the Cougars of Rosebud-Lott. We seemed to draw more fouls in the Cougar games and we just didn't seem to be going as smooth as we did against Westlake. We really depend on the outside shooting of Jafus White and he had an off-night against the Cougars and for the first time this season, was unable to score. When we are shooting from the outside, this lets the pressure off our inside men then it's easier to work the ball to Bennett and Brooks."

"We need to continue work on some of our fundamentals but overall our workouts have been adequate. This coming Friday night we have a real important ballgame against Elgin (3-1) who was dropped by Hearne last week. Elgin only lost by 8 in that district game and the Eagles hit over 60% from the field."

At the present time, the Yoemen and the Eagles of Hearne are tied for the district lead in the first round of the loop. The Yoemen will face possibly the toughest teams in the district Friday against Elgin then on Tuesday against Hearne.

Everyone should make it a point to back the Yoe High Cagers in their quest for a district championship, and more.

Yoemen Keeping District Lead

The Cameron Yoemen continued their supremacy in district 23-AA by downing the Manor Mustangs, 87-33. The Yoemen took the early lead and never turned it down as they took the district win with ease.

In the first quarter the Yoemen took a 9 point lead over the Mustangs and Ronnie Bennett showed the Mustangs the Yoemen style of scoring by dumping in 12 points in the opening minutes. Bennett went ahead in the night to be crowned high pointer and led the pace with 25. Overall the Yoemen hit 9 of 19 shots in the opening 8 minutes for 46 per cent.

In the second quarter the Yoemen cooled their shoes and hit 37 per cent of their shots. The cool was good enough and by the intermission buzzer the Yoemen sported a 45-22 lead. Rebounds were no trouble for the tall Yoemen, Bennett brought down 9 rebounds and Harry Brooks overpowered the boards for 12 offensive and defensive rebounds.

The Mustangs dumped in only a total of 7 points in the third quarter and the Yoemen raced to the offensive lead when they put together a 25 point quarter.

In the fourth quarter the Mustangs continued their stay in cold storage when they only hit two field goals for a 4 point quarter.

The Yoemen walked to the give me line for 24 attempts and sank 15 for the night, while the Mustangs attempted 13 and sank 5.

The game marked the fifth win for the Yoemen and the win gave the Yoemen a tie with Hearne for the district lead. The Yoemen will face Elgin who is presently in third in the district this Friday night.

The freshman also stumped the Mustangs in district competition, 64-41.

The frosh took an early lead that didn't change and at half time the Yoemen mounted a 17 point deficit. Mike Knight was the high pointer for the frosh cagers by setting the pace with 11. Next in the scoring line was Roderick Kelley with 10 and Curtis Wise with 9. The Yoe frosh is in district competition and will face their toughest competition in the next week.

The Yoe High junior varsity also put together their district win by putting down the Mustangs, 77-32. The Mustangs only scored 3 points in the opening quarter while the Yoe cagers tallied 19. By the halftime buzzer the roundballers took a 24 point lead. Joe Smitherman set the pace in the scoring department by rimming 22 points. Gene Goeke followed in the line of high scorers by talleying 10 points. The JV cagers went to the free throw line 20 times making 11 while the Mustangs took 17 attempts and scored 6 times. All 10 members of the Yoe squad scored for the Yoemen in the winning effort.

Sports Roundup

CAMERON

The O. J. Thomas Yoe Yoe's split wins with the Hearne Eagles Monday night in roundball action. The Hearne seventh graders unloaded on the Yoe Yoes 69-3. The Eagles started three players that are over the six foot mark and the other two starters stood at the 5'10" mark. (They sure grow big seventh graders!) The tide turned when the Yoe Yoe eighth graders hit the hardwoods and defeated the Eagles 39-28. The led never changed hands and at the half-time intermission the Yoe Yoes led by 17 points. It was Edward Johnson who placed first in the scoring and shot the hoop for 24 points. The Yoe Yoes will be in action this Thursday night at the O. J. Thomas Gym.

ROGERS

in the annual Rogers Junior High school tournament the host girls took the championship title for the second year running. The girls faced the Troy Trojans and soundly defeated them 33-25. In the boys division Bartlett downed the Rogers Eagles 44-31., in the championship battle. That set the record for Bartlett and set their third championship win in the tournament in as many years. Shirley McKinzy dumped in 16 points for the champs and filled the high point shoes for the girls bracket while Judy Edwards was credited with 12 in the loosing effortsof the Trojans.

ROGERS

Rogers busted a pair of wins against the Academy Bumblebees. The Rogers boys set the pace over the Bees by handing them a 36-26 defeat. Barry Nabors filled the high point shoes by dumping in 15 points. The Rogers girls did as they pleased in a whipping that sent the Bees home with a 40-19 defeat. Tammy Wilson blazed the net for 15 while Tammy Doggett was credited with 12. In the loosing efforts of the Bees Tommie Tomlin tallied 10 points and Academy's Deborah Costin had 13.

THORNDALE

The Thorndale Bulldogs took the lead in their district by defeating Bartlett Tuesday night, 70-68. The win was not an easy one for the Bulldogs and they were only able to win in the fourth overtime. At the end of regulation time the score was tied at 56 each. At the end of the first over time it was 60 all then 62 all and at the end of the third buzzer in overtime it was 64 each. Kiesling was the high pointer for the Bulldogs by sinking 25 while Anderson from Bartlett sank 18. In the girls game Bartlett continued their lead in district competition by downing Thorndale 56-43. Davis was the high pointer by dumping in 28 for the night in the winning effort for Bartlett. In the loosing effort Mary Theis was credited with 23 for the night.

Red Heads Bash LocalRoundballers

Cameron's women libers saw the equal to Billy Jean King's win over Bobby Riggs in the Red Heads vs. Cameron men basketball game. The All-Americans overpowered the coaches and other local men in the fund raising efforts of the Yoe Booster Club.

The final score proved the women's ability far above the efforts of participants by the score of 74 to 48. Cameron players included Coach Ed Cauley, Pete Kunz, Bertie Shumate, James Petty, Max Graham, Jon Forsythe, Nelson Huffman, Reeves Brown, Bill Huffman, Maxie Morgan, Ken McLerran, David Martin, and the high pointer of the game, Bobby Conley.

Moores All-American Red Heads have played over 210 games only loosing 30. They were able to continue the winning streak in a fun-filled exibition of precision basketball.

The Red Heads play seven months of the year and carry nine red heads to put on their act in Canada, Mexico, and the 50 states of the U. S.

In the off season, the Red Heads conduct clinics for high school age girls. They are scheduled to play five and most of the time six nights out of the week. The successful show allowed the Booster club funds for worth while projects for the athletes of Cameron.

CITY OF CAMERON,
TEXAS
PUBLIC HEARING

THE City of Cameron will have a Public Hearing on Tuesday, January 21, 1975 at 7:00 P.M. The meeting will be held at the Methodist Fellowship Hall. The purpose of the meeting will be to present Cameron's application under the Better Community Development Act for Federal Funds. The program covers a sewer project in the Southwest Section of Cameron, a playground and park in the O. J. Thomas Junior High School area, and the removal of dilapidated houses in the City of Cameron.

IF Cameron's application is approved, we will have a total of $492,000 covering a six year period: $123,000 will be available for each of the first three years, with $82,000 for the fourth year and $41,000 for the fifth year.

THE program will be presented in detail in order to inform our Citizens and we invite your attendance and participation.
